ACADEMIC EXPERIENCE

London Business School

London, UK

Pre-Doctoral Research Assistant (On-Site)

November 2023 – Today

- At the AQR Asset Management Institute under the guidance of Prof. Stephen Schaefer.
- Topics include financial economics, macroeconomics, and information economics. Some faculty I have collaborated with include Alex Edmans, Joseba Martínez, Rebecca DeSimone, Roberto Gómez-Cram, Florin Vasvari.
- Activities include data analysis, wrangling, cleaning, and sourcing using multiple computational programming tools in Python, R, MATLAB, Julia, and STATA, as well as performing academic literature reviews.

Economics Research Assistant (Remote)

February 2023 – October 2023

- In the project “Equilibrium effects of quality disclosure in Higher Education”. Characterization of the competitiveness structure and market equilibrium dynamics of the higher education market in Ecuador amidst regulatory policies.
- Direct engagement with the project’s leaders: Rebecca DeSimone (London Business School), Felipe Brugués (ITAM México), Sebastián Otero (Columbia University in the City of New York).

Universidad San Francisco de Quito ([USFQ](#))

Quito, Ecuador

Research Fellow at the USFQ College of Economics (On-site / Part-Time)

2017 – 2021

- RA to Juan David Robalino in “Media, Advertisement, and Individual’s Aspirations”. Project measured effect of behavioural biases fuelled by media stimuli exposition on the formation of professional and personal expectations in students.
- Undergraduate Fellow at the USFQ Experimental and Computational Economics Lab. Gained further training in computer programming and research methods on quantitative macroeconomics, network analysis, and behavioural economics.
- TA at courses Microeconomics I (masters-level), Advanced Macroeconomics, and Mathematical Economics I (undergraduate).
